Join the Fish and Wildlife Service staff and Friends of the Tampa Bay National Wildlife Refuge for a special boat cruise to Egmont Key National Wildlife Refuge/State Park in Pinellas County. Established in 1974 to protect migratory birds, the island is situated at the mouth of Tampa Bay and is also the site of historic Fort Dade. Three hundred soldiers served at the fort from 1898-1923 and the restored guardhouse is listed on the National Register of Historic Places. The lighthouse, built in 1858, is still used for navigation. A key migratory bird fall-out site in fall migration, in most years, the island hosts a large seabird and pelican colony during the spring nesting season. We hope to see warblers, other songbirds, raptors, gulls, terns, and other seabirds. Unless you choose to walk on the beach, the inland paths of the island are paved or brick, so the walking is easy. Wear shoes that can get wet, because you’ll probably have to step into water on leaving the boat.

The boat is scheduled to leave at 8 am. Please arrive early enough to use restrooms, etc. to be ready to board before 8.
